Due to multiple considerations and challenges related to COVID-19, Arizona Musicfest announces the cancellation of its 2020/21 concert season.

In the face of unprecedented challenges, the organization worked hard to responsibly produce a special season that would both bring Musicfest’s 30th anniversary and provide our audiences with a safe and enjoyable way to experience live, indoor concerts. In the summer of 2020, Arizona Musicfest received national recognition when it was named a “High Performing Arts Organization” by DataArts/National Center for Arts Research. In the fall, Arizona Musicfest produced an online season, as well as an alternative performance and lifelong learning program.

Each concert season also features the Musicfest Festival Orchestra, comprised of musicians from leading orchestras of America.
